

Report on BMF- Kenya work for July 2024

INTRODUCTION

In the month of July, we had an opportunity to share our community outreach vision to hundreds of people and to expand our community outreach scope into many more areas. We also managed to meet key people such as church, school principals, church leaders and other professionals to train them on how to reach institutions together under the BMF vision.

KIKUYU COMMUNITY MEETING

On Wednesday 10th July a meeting was convened in Ondiri at the Ondiri PCEA Church Resource Centre grounds by the County Government, Kikuyu Municipal Manager, who has been very supportive to the vision of BMF.

BMF worked in conjunction with the County Government to invite men from Ondiri and the surrounding areas.

The Kiambu County Governor was the guest of honour where he came to donate fertiliser, Maize and chicken to farmers in the area. Ondiri was picked as a venue due to the way BMF has organised the community into Chapters, creating a well structured community association.

Over 2,000 men and women attended the meeting which was held from 2 pm to 6 pm. The Governor and County leaders present commended the work BMF is doing to reach out and organise the community. I was given a chance to highlight on what we are doing and how the surrounding communities can do the same.

The Chapters Association Formation is assisting to reach out to men for Christ and at the same time is fostering development opportunities from the Government.

The farmers were delighted to receive donations from the County Government.

Since that meeting, I have had several meetings with key leaders in Sigona, Karai, Gikambura, Thogoto and Kabete areas who want BMF to start Chapters in these areas.

Let us pray for God's wisdom and favour as we set to form more Chapters in the above areas. Let us continue to pray for the Ondiri Community Association Chapters to continue growing and become a model for new Chapters in the area.

NDENDERU LEADERS MEETING

A leaders meeting constituting Church leaders, and professionals was held at Splash Park in NDENDERU on Sunday 14th from 3pm to 5pm. This meeting was convened by Ndenderu Chapter Coordinator Moses Kaguara who is a secondary school teacher. The Chapter members worked to bring together 26 professionals who are believers.

I shared the vision and mission of BMF and the community outreach strategy to those

present. I informed them that the vision can only grow to reach many communities and institutions when we all get involved in planning and participating as speakers. One of the leaders, an Anglican Church leader, promised to talk to the Anglican men association members to support our outreaches by assisting in inviting unsaved men, and also to provide venues for such outreaches in the Mt. Kenya region. Let us pray that this promise will materialize for the glory of God.

GARBAGE COLLECTORS

There is a plan to organise the over one thousand garbage collectors into organised Chapters. I met the National Environment Management Officials on Wednesday 24th . to plan this. The management has pledged to support the men further by providing support, e.g. government donations for group-income generating projects.

Let us pray for God's guidance on this programme and that the Government will keep their promise when the collectors come together as Chapters.

Report on BMF- UGANDA work for April 2024.

On 29th July, Jude Musisi and I went to Kyakasengula Prison Farm. We arrived there at 3pm local time when the inmates were back from labour work. We entered the Office of the OC and explained to him the purpose of our visit, He is a Muslim man who doesn't want to listen to anyone talking about Jesus Christ, He frankly told us that he was not happy with what we were going to tell the inmates, but since we had the permission letter from his superior, he sent us to his deputy to handle us, because he himself can't assemble the men of Allah to be confused by Christians. The deputy, who was a lady, gave us a warm welcome and assembled 492 men in the compound under the tree shade. Jude gave a brief explanation about BMF followed by his short testimony, and then I gave my full story. Even though the O.C was against the message which we took to the inmates, the Holy Spirit convicted 423 men and they received salvation, 4 of whom were Muslims. After my speech Jude opened the Bible and read some Scriptures. He explained to them the power of Jesus Christ, and he proudly told them that nobody, not even Satan, can stop the Holy Spirit convicting anybody from accepting Jesus. The O.C was in his office and I am sure he heard those words.

We donated five boxes of washing soap and four Bibles to that prison at the end.

On 30th July, Jude Musisi and I went to Kagadi Prison. We arrived there at 8am when the inmates were in the morning assembly. The O.C welcomed us and asked us to take over immediately,. Jude gave a brief explanation about BMF followed by his short testimony, and then I gave my full testimony. 216 men received salvation out of the 264 men enrolled in that unit, of 5 of whom were Muslims. Jude ministered to them for more 10 minutes after my speech and we donated five boxes of washing soap and four Bibles to that prison at the end.

In the afternoon we held a meeting with Tumukunde Jimmy from Kasese. He came to the hotel where we were staying. He received salvation five years back when Tamale Moses and I visited Katwe Prison. when he was serving a prison sentence. He promised us that he would join BMF after his sentence, and he fulfilled it, and now he is the leader of the men in the local area, which is administered by our Coordinator in that area. The purpose for the meeting was to ask us to get a letter from the Prisons Headquarters granting him and Kasamba Jacob (our Coordinator of that area) permission to visit on a monthly basis three prisons which are near their area for discipleship, because according to the programme, Jude and I are supposed to visit those prisons during the month of month of August, so they wanted permission to continue going there on a monthly basis for discipleship for at least for six months, We told him that we must first consult the National Council, because we need to allocate some funds for that.

On 31st July, Jude Musisi and I went to Kibaale Prison. We arrived there at 8am before the inmates were taken out for labour work. The O.C asked us to take 40 minutes because the inmates were going to work at a far distance. Jude gave a brief explanation about BMF followed by his short testimony, and then I gave my full story. 193 men received salvation out of the 226 men who were present.

We donated five boxes of washing soap and four Bibles to that prison at the end.
